

Your supplier of sun protection systems

Marsala

Marsala is ideal for shading patios and balconies, and for protecting windows, displays and verandas from the sun. It has an elegant and modern design. One set of arms can cover an area of 600 x 400 cm.

The cassette protects the fabric and arms from wind, snow, rain and dust. It can be mounted on walls or ceilings and can even have LED lights integrated into the arms and front profile.
